Growing up in Scotland and Scandinavia:
what do our longitudinal studies tell us about our children’s wellbeing?

This timely conference explores the experiences of children growing up in Scotland and Scandinavia and asks what we can learn from each other. With a programme of world class speakers and ‘hot topic’ presentations, this conference is a must for anyone with an interest in children’s wellbeing. There will be opportunities for national and international networking and delegates will be encouraged to engage in discussion and debate.

November 13th 2013
John McIntyre Conference Centre
The University of Edinburgh

Chair: Lesley Riddoch
Scottish broadcaster, journalist and commentator

• Aileen Campbell, MSP
Scottish Government Minister for Children and Young People
